

For Kids at Cottonwood Art Festival, the Hot Spot is **ArtStop**

The **Cottonwood Art Festival**, coming October 1-2, is for everyone who enjoys art. For the mini-Monets, **ArtStop** is the festival's hands-on, interactive children's area.

Staffed by more than 100 volunteers, **ArtStop** creates a hands-on world of art with life-size paint brushes and dozens of activities irresistible to any child.

Paint on a humongous Monster Mural. Let your imagination run free as you make your own Cottonwood Cool Cap. Throw mud onto a pottery wheel with ArtStop's "Masta Potta." Design a personalized Cottonwood drawstring bag, your masterpiece forever.

Other **ArtStop** activities include CastAway, Tile Painting, Chalk Board Easels (for young children), Chisel Away (kids chisel on a large block of plaster) and Magnetic Personalities (make a picture by adding magnets to large magnetic boards with faces and scenes).
